EAM Associates, Inc.

Type of Assessment: Residential, Investment Grade

Client Type: Residential

Certifications obtained: RESNET/HERS/ Energy Star, NAHB Green, BPI Certification, Nate and LEED for Homes Verifiers

Description of services: Through a complete review of mechanical systems and thermal conditions (walls, windows, doors) of a home, EAM's Home Energy Audits provide owners of existing homes with the information necessary to make targeted energy efficiency upgrades to their homes. This reduces energy costs, improves comfort levels, and increases the dwelling's sustainability and durability. Home Energy Audits include a report detailing existing conditions, potential cost effective upgrades, and remedies for specific problems.
